## **Mission Federal Credit Union Wins Peter Barron Stark Companies' Award for Workplace Excellence**

**San Diego, Calif. (February XX, 2014)** – Mission Federal Credit Union is proud to announce that it has once again been named a winner of the Peter Barron Stark & Associates Award for Workplace Excellence™: a prestigious award given to organizations that utilize the Employee Opinion Survey program and exceed an overall favorable response of 80%. This award is different from many other workplace awards because it is a true indicator of workplace excellence through the organization's employees' opinions.

Many awards that claim to measure workplace excellence are based on responses provided by an administrator in a written questionnaire; however, the Award for Workplace Excellence is solely based on actual employee feedback. The surveys measured employees' responses in categories such as Communication, Leadership, Values, Work Environment, Motivation, Honesty, Integrity, Ethics, Commitment to Quality and Service, Benefits and Compensation. Other winners of the award include:

- American First Credit Union
- Columbia Credit Union
- DCI Group
- La Jolla Beach & Tennis Club
- 3Rivers Federal Credit Union
- Orange County's Credit Union

“Mission Fed is honored to be recognized with this prestigious award amongst San Diego's top companies,” says Angie Lasagna, VP of Community Relations and External Affairs. “Providing a workplace for our employees that is supportive, collaborative and mission focused helps us not only return and attract the best employees but also supports our members and community business partners.”
