SAN DIEGO – Mission Fed Credit Union, the largest member-owned, not-for-profit, full-service financial institution exclusively serving San Diego County, was recognized by DepositAccounts.com of Lending Tree in the 2021 Top 200 Healthiest Credit Unions in America two years in a row.

DepositAccounts.com evaluates the financial health of over 10,000 federally-insured banks and credit unions in the United States once per quarter. To determine bank ranking and recognition, DepositAccounts.com grades each institution on numerous factors, including capitalization, deposit growth, and loan-to-reserve ratios.

“We believe it is important to give consumers a way to evaluate the financial health of their institutions,” said Ken Tumin, founder of DepositAccounts.com. “Our list empowers consumers to make informed decisions when selecting a financial institution.”

Mission Fed received an A+ rating – the highest health grade given out – and ranked #74 overall out of 2,943 National Credit Union Administration (NCUA) insured credit unions.

Debra Schwartz, President and CEO of Mission Fed, said, “It is such an honor to be recognized among the top healthiest credit unions in America – and in the top 100, nonetheless. Being part of this list continues to underscore our commitment to excellence.”
